INTRODUCTION

Firulais Finance is a community-focused token that supports us, the project is fully decentralized.

Firulais was launched fairly, and the team has no tokens, the Firulais team is an investor like any other.

DISCLAIMER

Firulais Finance includes, but is not limited to, the general project, the token, the website, the smart contracts, and any application. Firulais Finance, as presented in this concept document, is not a licensed financial or payment service, without license or exemption of any kind and in any jurisdiction.

Any terminology used in this White Paper, on the Website, or within the application is only a reference, with no effect or legal meaning of the same terms in a regulated or financial environment.

The FIRU token is a strict utility token in any jurisdiction and, it is not and cannot be considered a security or a regulated token of any kind. It is in no way electronic money or an asset-backed or fiat-backed stablecoin, either global or limited in scope.

This White-paper taken in itself is not:

- A contract or a contractual agreement of any kind
- An invitation
- A request
- An offer to invest in Firulais Finance or to acquire or use its FIRU tokens in any way and with any expectation of profit in any way.

Any user of Firulais Finance declares to have received the appropriate technical, administrative, regulatory, and legal advice before and after accessing and/or reading this White paper, the website, and the use of any part or element of Firulais Finance (including any FIRU token in it), and accepts that there is a high inherent risk when accessing, acquiring or using any type of blockchain, encryption system, token, platform, software or interface, including Firulais Finance, also acknowledges with the disclaimer total for any member of the community directly or indirectly involved with Firulais Finance, and there may be any type of damage suffered, including total loss.

TRANSPARENCY

Firulais Finance is ownerless, fully decentralized and supported by their community. Free and open communication is fostered among all members of the community so that all who wish can be informed and even participate in each step of the growth of firulais.

TRUST

In the cryptocurrency market, trust is paramount. That means full transparency not only in community support and development, but also in any security effort. The Firulais source code is fully verified and audited, 50% of the total tokens supply will be burned, liquidity is locked for 12 months, 50% of the total supply is locked by **Unicrypt** to guarantee that the team members don't have tokens in hidden wallets, when those tokens are unlocked 50% of them will burn!

DEVELOPMENT

FIRULAIS is in it for the long haul. Our decentralized community is fostering the long-term development of the ecosystem, which will result in greater rewards for our community.

3

5

ECOSYSTEM

FIRUDEX SWAP

FiruDex will enable the possibility of making low commissions Swap transactions in both BSC and ETH networks all in a single integrated platform with graphics and tools for technical analysis, this functions will be available in the final version.

FIRUWALLET

FIRUWALLET will be an application available on the IOS and Android platform that will allow users to store all their cryptocurrencies within the application. The wallet feature includes: Dapps, FiruDex, cryptocurrency purchase from the application, CloudBackup and much more.

FIRU NFT MARKET

NFT decentralized marketplace - \$FIRU tokens can be staked in order to receive exclusive NFT rewards and digital collectibles featured by artists that are themselves part of the community.

\$FIRU TOKEN

It is an ERC20 token and the first token of the Firulais Finance ecosystem that in a decentralized way, provides automatic rewards to all holders, allowing them to passively increase their income, the larger and more frequent the transactions, the more reward the holders will obtain.

\$FIWT TOKEN

\$FIWT Token, will be a token with a different concept than \$FIRU, its main use will be for the payment of transaction commissions in FIRUWALLET - FIRUDEX, of this there will only be a total supply of 16M - of which 2M will be distributed in a automatic among all active holders of \$FIRU
